

GRoW Virtual Marketplace Agenda

VIRTUAL MARKETPLACE

Visit our **Virtual Marketplace**, starting one week before the live event and available every day until the end of the week of the GRoW Final Conference. Similar to a physical marketplace, visitors have the chance to explore different booths and engage with visitors and water experts.

VIRTUAL MARKETPLACE Starting at 15 October 2020

Networking Lounge

Digital Exhibition

Virtual Side Events

A virtual **networking lounge** offers the opportunity to arrange virtual meetings with international water experts.

At **digital exhibition booths** GRoW projects will present their innovative methods and products. Visitors are invited to download publications, watch videos and chat with the project team.

Various **side events** will take place in the virtual auditorium one week before the live conference starts and beyond (15-23 October 2020).

At these events, GRoW projects will present and discuss **highlights** of 3 years of applied research with visitors and introduce their newly developed online-tools.
